

### **\*Winter Storm Preparedness Notice\***

Due to the anticipated snowstorm, please be advised of the following important safety measures:

- **\*Emergency Calls:\*** High volume of calls are expected at the 911 center. If you have an emergency, consider alternative contact methods such as calling neighbors or friends if possible.
- **\*Power Conservation:\*** Limit electricity use as per Regional Electric Supplier's advisory. Have a plan in place for power outages, including a warm location or backup power source.
- **\*Road Conditions:\*** Snow removal equipment will be deployed, but roads may become impassable quickly. Avoid travel unless necessary. Remove vehicles and objects from roadways and curbs for snowplow drivers to get through.
- **\*Home Identification:\*** Ensure your house number is visible for first responders.
- **\*Fire Hydrant Access:\*** Keep fire hydrants clear of snow (360 degrees around).
- **\*Additional Information:\*** Visit the PA Emergency Management Agency website for updates and resources. <https://www.pa.gov/agencies/pema>
